

คุณสมบัติ

- LED โชน้ว้ถ้ก้งขณะอล้ร้ม เพื่อให้สามารถทราบจุดเกิดเหตุ
- มีฝาครอบ ป้องก้ันการกดเล่น ทำจากพลาสติกใส
- มีกุญแจเปิดฝา เพื่อทำการทดสอบได้

CONVENTIONAL DETECTION

EM921 SERIES MANUAL CALL POINTS WITH LED

A modern stylish EM921 Manual Call Point designed to provide greater aesthetic appeal. A low profile surface mounting MCP blends in with today's modern architectural styles. The EM921 MCP is ideal where emergency situations are identified and require an immediate evacuation.

The EM921 range offers improved features for both the end user and the installer. A single maintenance tool provides access to test, reset and release the lid to change the glass or reset the element. The EM921 is fully compatible with all conventional systems available on the market. The new MCP is EN54 compliant, and it is currently undergoing certification at LPCB laboratories in the UK.

Approvals

ELECTRICAL SPECIFICATION

- Cable Termination : 0.5 - 1.5 mm
- Maximum Voltage : 35 VDC
- Current Rating (switch only) : 2Amps

ENVIRONMENTAL SPECIFICATION

- Humidity : 0 - 95 % non-condensing
- Operating Temperature : -10° c to + 55° c
- Storage Temperature : -10° c to + 55° c
